A Journey of Discovery

Welcome to

Boddington Primary Academy

The best possible start

Here at Boddington, happiness, confidence and excellent personal achievement are our priorities. We know that our nurturing environment gives every single pupil the confidence to strive for the best, that our creative curriculum inspires learning and adventure and that our small classes ensure academic success.

From your child's very first day with us to the day they leave, they will be on a journey of discovery, exploration and enquiry; a journey which equips them with the skills and knowledge essential for living in the 21st Century.

Boddington develops happy, confident and well-rounded children, giving them the best possible start for life.

A love of learning

Boddington is a place to discover, share and explore; a place to escape into adventures, a place for surprise and above all, a place where children love to learn.

Unique talents are nurtured through **our varied and exciting curriculum**, whilst our stimulating and inspiring teaching develops children's passion and strengths. At Boddington, pupils' imaginations are ignited from an early stage.

Academic success is at the core of all we do, our small class sizes, combined with our individual approach, ensures that all children achieve their full academic potential. The essential skills of reading, writing and mathematics are at the core of our curriculum but at Boddington learning is about so much more.

Regular, moderated assessments show that pupils achieve standards well above national averages and when they leave us, our children go on to some of the best local state and independent secondary schools.

Children from Boddington have gone on to Warwick School, Princethorpe College, The Kingsley School, Tudor Hall School, Lawrence Sheriff School as well as Chenderit School and Southam College.

“The Headteacher has worked effectively with staff and the governing body to ensure that this successful school continues to improve and to accelerate the progress for all pupils, especially in writing and mathematics.”

Ofsted

Experiences that last a lifetime

Children at Boddington enjoy taking part, they have a can-do attitude and are not afraid to have a go; they aim high, challenge themselves and they achieve.

Our Forest School engages and excites children, developing confidence and self-esteem. The freedom to explore and venture into the great outdoors provides learning experiences that push boundaries.

Music and drama play an important role in life at Boddington. Children from all years participate in performances every year and there are ample opportunities for children to develop and showcase their talents.

Sport is essential to life and children at Boddington enjoy sport and PE. Our school participates in inter-school and after-school sports training and competitions as well as offering a range of regular sporting club sessions.

Our creative curriculum approach interweaves the requirements of the national curriculum with engaging termly topics. Themed events, activities and trips amaze and excite the children providing experiences that will last a lifetime.

A special family

Boddington is a small Church of England School set in rural Northamptonshire, within the Diocese of Peterborough, where every child is nurtured and valued. We promote the Christian values of kindness, tolerance and understanding and place pastoral care at the heart of our school.

All pupils are expected to show respect, manners and tolerance. Our children are friendly and welcoming and our size means that close bonds are formed across all year groups. Children are encouraged to help their peers and go out of their way to support each other.

As children pass through the school, they are given extra responsibilities and coached in leadership skills to ensure they are ready for life in our rapidly changing world.

We work closely with parents as good relationships between home and school are important for the success of pupils.

Parents' Views

Every year we run a Parent Survey to canvas parents' views -

“We feel that the school does everything they need to do to benefit our child.”

"Fantastic pastoral care across the school from all members of staff."

“Themes for children are well planned, exciting, imaginative and thorough.

Atmosphere at school is excellent – friendly, welcoming, relaxed, positive.”

“Creating a stimulating and happy school environment. General high standard of teaching.”

“Warm, friendly environment that is excellent for the children to develop in, good focus in basic skills of reading and writing, our children are happy.”

A Small school with Big school opportunities

We are a small school but we are part of a much bigger school trust.

We work closely with our partner school in Culworth and with the wider schools in our Academy Cluster. Together, we provide a better education for the children in our communities.

Whilst our location provides a peaceful environment in which to thrive, our technology connects the children to the world and allows them to access the knowledge and develop the skills they need in our modern society.

To support our working parents, the school offers a flexible Breakfast Club before school begins.

The school sits at the heart of Boddington village. We have strong links with the Church, Pre-school, Village Hall and Parish Council and the children enjoy playing a full part in the life of the community.

Visit Us

There is no better way to discover all about Boddington than to come for a visit.
