

## BODDINGTON C of E PRIMARY ACADEMY

Tuesday, 19 May 2020

Dear Parents and Carers

I hope you are all keeping well in these extraordinary times. Your children and yourselves continue to do an incredible job of ensuring that the impact of the challenges that have been placed in front of you has been minimised and that, first and foremost, your wellbeing has been protected and where positives can be gleaned that they have.

I'm sure that children are desperate to see their friends and return to the way of life that they knew before school closures. We too, as educators, feel the same way. It is with the rationale in mind that, so long as we can implement recommended safety measures, we intend to proceed with government recommendations to open school for Reception, Year 1 and Year 6 children.

We have planned and documented the measures that we will be taking in order to keep children, school staff and parents as safe from potential infection as we possibly can. These measure have been provided by the government to schools and expanded upon where we feel necessary.

The decision to open school is one that has been taken after long deliberations and consideration of the pros and cons. However, we are aware that, as parents, you also have a very difficult decision to make. The health of your children is your most important consideration and whether you decide that now is the right time for them to return to school or not, you have my full support in that decision.

It would be very helpful to us to have an idea of which children we can expect on the first day back so that we can begin to plan our staffing structure. Attached with this letter are:

A questionnaire to complete on school return

Measures that we plan to implement from June 1st until further notice.

If you have any questions on any of the above or the measures that we are taking, please don't hesitate to contact the school and we will do our best to provide answers.

Kind regards

Oliver Johnson

Head Teacher
